

NEW Farmer

ALLMAN

6-12 metre tractor mounted sprayers range

Models 200, 300, 400, 600, 800, 1000

All models hot dipped galvanised chassis and booms

The farm business aims for more precise control of inputs. It seeks enhanced crop quality and needs affordable, effective application equipment.

After more than eighty-six years, most of them producing sprayers, the Allman company has developed expertise and a service to farming few can rival.

The FARMER range of tractor mounted sprayers continue a long Allman tradition of producing effective spraying equipment without baffling the user with complicated controls or over sophistication.

Designed for tractors as small as 20Hp 'mini' tractors favoured by landscape gardeners and amenity users right up to 90Hp agricultural workhorses, the FARMER range offers straightforward practical spraying for the least cost of ownership.

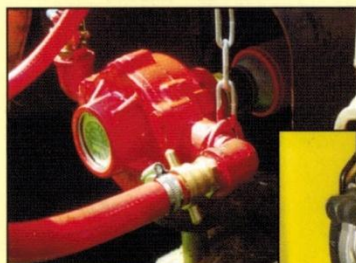

The British made Allman FARMER range of tractor mounted sprayers offer more than just value for money. They embrace the whole Allman philosophy of continual product development and long term parts and service back-up.

Farmer 200L, 6 metre boom closed for transport

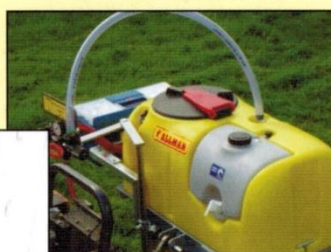

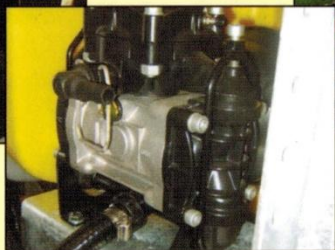

6 metre boom on Farmer 200L open

RVC 10 pto
mounted pump

Optional
diaphragm pump
mounted on frame

Farmer clean water
incorporated into
main tank design

Option: KV Manual controls provide 3 boom section taps and pressure compensation

Equipped to spray

Allman Farmer sprayers are fully equipped for smaller to medium sized spraying tasks and farms. The 600, 800 and 1000 capacity models will accept a 12 metre manually folding or 12 metre hydraulic suspended boom and come equipped with chemical induction hopper. All models feature a clothing locker and clean water tank for safety.

Optional extras include a foam bout marker, enhanced controls including remote controls with compensated boom section taps.

Allman rollervane pumps are tried, tested and cost effective. For more demanding applications including incorporating powdered chemicals 60 and 100 litres/mm diaphragm pumps available

Farmer 300L with fruit boom

Optional Tn Jet nozzle assembly

Farmer 600L with 12 metre manual boom folded

Optional clean water flush tanks

Farmer 12 metre manual boom open

Farmer 12 metre fully hydraulic boom open, 800 litre tank

12 metre fully hydraulic boom mounted on Farmer 800L
