# HAKKIPIILKE®

## Hawk 25

The Hakki Pilke Hawk 25 is a compact, user friendly and **excellent value** mobile firewood processor. For those that need the convenience of a road towable machine, the Hawk is suitable for both **home and the professional user**.

**Mounted on a towable trailer** the Hawk is easily transported to the where it's needed, and can easily be **manoeuvred by a single person** thanks to its light weight. Setting the machine up from transport to work mode takes only a few minutes.

There are **no belts** on the machine due to the **hydraulic functions**. This alone means that there is less maintenance required on the processor. The safety grill, when opened, automatically stops the machine from working therefore giving **protecting to the operator**.

#### Other power Options:

Hawk 25 is also available as PTO and electric versions
