FlexiShed

Simple, strong and secure

TECHNICAL DETAILS

This unique design means it's light enough to be man-portable but strong enough to deter the most determined thieves. All the components can be broken down and carried through narrow passageways to previously inaccessible locations.

FEATURE	1.5 x 2.5 metres
Finish	Painted
Width (mm)	1500
Length (mm)	2614
Height, flat packed (mm)	370
Height, assembled (mm)	2083
Door width (mm)	1138 (Hinges on the right with outward opening)

Chassis & floor

Pre-assembled 18mm thick grade 30SBN Norbord screwed to a pre-assembled 18mm thick grade 30SB Norbord screwed to a galvanised steel box profile frame.

Sidewalls, door and roof panel

Manufactured with 0.60mm box profile galvanised steel panels, strengthened with spot weld galvanised steel frame sections at the edges of each panel.

The roof section has two integral gutters for effective rainwater dispersal to all four corners of the container.

The door is pre-mounted into the frame on galvanised hinges, complete with two British made insurance rated locks.

Optional extras

Add the shelving kit, access ramp, locking bar and levelling feet to make your storage shed suit your needs

Also available from FlexiShed

Chemical storage sheds, general storage sheds and Office units.
