TECHNICAL DETAILS

Modular office units are accommodation containers that are insulated closed volumes and demountable. These units can be easily assembled with the help of nuts and bolts which are enclosed along with the kit.

Lightweight in design but robust and strong enough for their use, all the modular office units can be easily installed and dismantled. These modular office units are developed with various features available and come in 3 different sizes with a wide range of accessories. If the office is too small just extend with the a connection kit. Also available is a toilet and shower 2 x 2m block unit.
