# HAKKIPIILKE®

## Powerpack

The Powerpack is a compact yet efficient alternative power source for PTO- or combi-powered Hakki Pilke firewood processors. It is the perfect solution when you need the tractor for other tasks, such as moving logs, instead of running the firewood processor, or when sufficient power supply is unavailable.

The Powerpack is easy to move thanks to its large transport wheels, and the device takes up little space in operation or storage. The Powerpack is now available with either a gasoline or diesel engine. Compared to a tractor, the Powerpack is almost maintenance-free.

The power and current supply has been optimised for operating the Hakki Pilke firewood processors. You can choose an engine with just the right power level for your firewood processor.

- **LIGHT AND EASY TO MOVE**
- **DURABLE STRUCTURE**
- **LOW MAINTENANCE NEEDS**
- **POWER SOURCE FOR ALL TRACTOR-POWERED FIREWOOD PROCESSORS**

### TECHNICAL SPECIFICATIONS

Model	281	351	401	401d
Driving power	gasoline	gasoline	gasoline	diesel
Max power (hp)	28	35	40	40
Max PTO rpm	500			
PTO shaft	6 grooves 1 3/8"			
12 V take-off	3-pin EURO connector 7-pin trailer connector			
Battery (V/Ah)	12/60			
Power transmission	Belt/gear			
Belts	4 x XPA1357			
Yhteensopivuus	All Hakki Pilke PTO -models up to Easy 38	All Hakki Pilke PTO -models	All Hakki Pilke PTO -models	All Hakki Pilke PTO -models

### Accessories

Battery case	x
Wheel size	16 X 4.8 - 8
Consumption	2-5 l / h (0.6-1.3 gph)*
Fuel tank	32 l (8.5 gallons)

### DIMENSIONS in transport position

Height, mm (in)	950 (37.4)	1000 (39.4)	950 (37.4)	1100 (43.3)
Width, mm (in)	1020 (40.2)			
Depth, mm (in)	1230 (48.4)			
Weight, kg (lbs)	222 (489)	235 (518)	230 (507)	331 (730)

\* Fuel consumption depends on engine size and the working conditions. The manufacturer reserves the right to make changes.

Protected PTO and power supply connections.

Power transmission can be released and engaged with a lever.

Large 32 l fuel tank enables uninterrupted use of the firewood processor. Fuel level can be checked from a display.
