...simply a mini telegraph pole

**Creosoted + Slow grown +
Kiln dried + Redwood timber
creates a**

long life post

The wood grain rings show **slow growing timber** which gives OCTOPOST **high grade strength**. The timber shown here was from a tree that was over 90 years old when harvested.

Prices do not include VAT and are ex works i.e. delivery is extra. We reserve the right to change or amend the price list at any time. Other posts and rails available to order. We endeavour to always have these posts in stock.

Octoposts are suitable for all agricultural and equine requirements.

All Octoposts are delivered on a pallet. Easy for stacking and to handle during transport. Also, the posts are held neatly together after opening.

Unique Octorail overlap jointing on rails makes fixing to posts easy and adds strength.

- Swedish manufactured from redwood timber grown in or near the Arctic Circle - giving added strength due to its very **slow rate of growth**
- Posts are machined into an octagonal profile providing a **flat surface for fixing**
- **Kiln dried** for maximum absorption of **high pressure creosote treatment**
- Octopost offer a **25 year guarantee** but have a life expectancy of 30-40 years. See reverse for guarantee
- Each post is **identical** making erecting quicker and giving a **consistency** which is pleasing to the eye
- From **80mm to 200mm diameter** and up to **5.0m in length**
- Octopost prices listed inside
